ABOUT ME

I am a passionate and highly dedicated B.Tech. student in Computer Science (CGPA 6.5) at Rungta International Skills University, driven by a genuine curiosity for how technology solves real-world problems. I thrive on applying the theoretical principles of coding and algorithms that I've learned to challenging projects. I am actively seeking a role where I can transform my academic foundation into practical, industry-level experience, bringing a strong work ethic and quick learning ability to your team.

EDUCATION

Holy cross english medium school, gholeng | 2022-25

Successfully completed Higher Secondary Education with a CGPA of 6.5. This foundational education provided strong analytical and problem-solving skills, preparing me for the rigor of university-level computer science.

Rungta International Skills University | 2025 Present

I am currently immersed in my B.Tech. studies, focusing on core concepts of computer science including data structures, algorithms, and programming paradigms. I maintain a strong academic focus, actively preparing for a future role where I can apply my growing technical knowledge to solve industry challenges.

WORK EXPERIENCE

Smart India Hackathon (SIH) Participant | 2025 Software Development Team Member

- Contributed to the full-cycle development of a prototype solution for a real-world problem statement under a tight deadline.
 - Applied skills in Python (Pandas/Matplotlib) and MySQL for efficient data handling and visualization.
 - Demonstrated effective problem-solving and collaboration skills while working in a high-pressure team environment.
-

SKILLS

- data visualisation
- graphich designing
- data handling
- video editing
