The screenshot shows the Google Drive interface. At the top, there's a search bar labeled 'Search in Drive'. Below it, a navigation bar shows 'My Drive > Unit 3 Practical work'. On the left, there's a sidebar with links like 'Home', 'My Drive', 'Computers', 'Shared with me', 'Recent', 'Starred', 'Spam', 'Bin', and 'Storage'. The main area displays three cards: 'Explore these files', 'Ask about this folder', and 'List highs and lows of each file'. At the bottom, there are filters for 'Type', 'People', 'Modified', 'Source', and a search bar for 'Name'. A message at the bottom says '6.75 GB of 2 TB used'.
